WELCOME TO **alkhalij** **enterprises LLC**

Ever since our inception in 1971, we have dedicated ourselves to becoming the single source for Industrial Maintenance, Repair and Overhaul (MRO) products in the United Arab Emirates.

Over the last 5 decades, we have successfully serviced the needs of the largest public and private industrial entities across the GCC region, the wider Middle East, North & East Africa and Central Asia.

Our main business vertical consists of the distribution of industrial spares and equipment with a sharp focus on end-user industries like Oil & Gas, Marine, Construction, Metals & Mining, Cement & Aggregates, Food & Beverage, Manufacturing and Transportation.

With dedicated work force of over 200 professionals, we provide the widest array of over 35,000 premium products, and are well equipped to meet the constant and changing demands of an ever growing industry. Our 7 branches are conveniently located across the UAE in close proximity to the major industrial hubs in the country.

Our network strength of authorized distributorships for more than 60 of the world's leading global brands in Bearings, Mechanical Power Transmission, Filtration, Industrial Lubrication, Welding, and Safety & PPE products is what sets us apart in today's competitive marketplace. In partnership with our principals, we strive to add value beyond the product through regular seminars, workshops, and on-site training programs.

With our experience, commitment, high quality product range, and an unmatched after sales service record, we are proud to be your partner of choice.

- Full Brim Safety Helmet with Wheel rachet, White
- EN 397 EN 50365 AN/NZS 1801 ANSI / ISEA Z89.1

HP40-10157

Brand: JSP

Model: Aerolite

- Hardcap Aerolite
- Short peak Navy Bump Cap
- EN812

HP40-10158 / -10159

Brand: JSP

Model: Hardcap

- Hardcap A1+ 5cm Peak Short Peak Navy/Yellow
- Extra visibility
- Added Ventillation
- EN812 1997+2001

HP40-10048 / -10049

Brand: JSP

Model: EV02

- EVO2 Industrial Safety Helmet
- 6-point Polythylene hardness
- Slip Rachet Vented / Unvented
- EN 397

HP40-10061

Brand: JSP

Model: Hardcap

- Hardcap A1+ 5cm Peak
- Fire Retardant
- EN812:1997+2001

HP40-10105 / -10202

Brand: JSP

Model: EV03

- EVO3 Vented/Non Vented Wheel Rachet
- 6 point Terylene cradle harness system
- EN 397

HP40-10050

Brand: JSP

Model: EV03

- EVO3 Vented Slip Rachet
- 6 point Terylene cradle harness system
- EN 397

HP40-11186

Brand: JSP

Model: AHV001-100-000

- Elasticated Chinstrap for JSP safety helmets

HP99-10122

Brand: Armstrong

- Adjustable Elasticated Chin Strap
- Blue/ white color

A man with a beard, wearing a blue hard hat and safety glasses, is adjusting his white work gloves with blue patterns. He is wearing a blue denim shirt. The background is a blurred industrial setting. The image is framed by a large red circle on the left and a smaller grey circle at the bottom right, set against a dark blue background.

EYE & FACE PROTECTION

EF99-10128-CLR/GRY

Brand: Parkson
Model: SS-2773AF

- Clear / Grey
- Antiscratch & Anti fog Coated
- EN166 FT CCE, ANSI Z87.1

EF40-10203

Brand: JSP
Model: M9300

- M9300 Overspec Clear Lens
- Polycarbonate lens & temple
- Extended wraparound style
- EN166

EF40-10163

Brand: JSP
Model: Stealth 8000

- Polycarbonate lens adjustable PVC nose piece
- Indoor/Outdoor, Amber, Smoke, Clear Anti-mist
- EN166 F K CE

EF40-10162

Brand: JSP
Model: Stealth 9000

- Polycarbonate lens, Optical class 1
- Indoor/Outdoor HC Amber, Smoke, Clear
- EN166 F CE

EF75-10911-RVO

Brand: Riley
Model: Sisini Revo

- Sports style design
- Soft adjustable PVC nose bridge
- Supplied with microfibre storage pouch
- Weight 27g
- EN166 F CE

EF75-10876-CLR/GRY

Brand: Riley
Model: Tilla

- Can be worn over a prescription glasses
- Ventilated temple tips and side shields
- Brow protection
- Anti-fog lens
- Ideal to be worn by site visitors
- EN166 FT CE

EF75-10866-CLR

Brand: Riley
Model: Arezzo

- Ultra slim design
- Soft PVC comfort frame
- Fully adjustable pivotable head strap
- Weight 56g
- EN166 BT KN CE

EF75-11075-RED

Brand: Riley
Model: Roka

- Riley ROKA frame prescription Glass
- Polycarbonate Single vision/Varifocal progressive lens
- EN166 FT

EF45-10764

Brand: Portwest
Model: PS58

- Helmet Visor Holder
- ABS material,
- Universal slot adapter
- Compatible with PS94 and PS92 visor
- EN 166 EN 1731

EF75-10695

Brand: Riley
Model: Kosma

- Slim wraparound style
- soft TPE nosepiece for enhanced comfort and fit
- 100% metal free
- Flexible temple tips
- Anti-scratch and anti-fog coating
- EN 166 FT CE

EF75-10749

Brand: Riley
Model: Stream

- 100% metal free
- Single wraparound polycarbonate lens
- Co-injected bi-colour thermoplastic rubber temples provide a secure fit
- Lateral protection
- Anti-scratch and anti-fog coating
- EN 166 FT KN CE/Z87+

EF45-10729

Brand: Portwest
Model: PS90

- Arc Flash Visor Class 1
- Consist of Face Shield with a bracket for slotted caps
- EN 166 EN 170

EF45-11174-CLR

Brand: Portwest
Model: PW99

- Replacement Shield Visor
- Polycarbonate
- Aluminium Materials
- EN 166 ANSI/ISEA Z87

EF45-11175-BLK

Brand: Portwest
Model: PW58

- Helmet Visor Carrier
- Polyoxymethylene
- Polycarbonate materials
- EN 166, EN1731 ANSI/ISEA Z87

EF45-10763

Brand: Portwest
Model: PW92

- Replacement Clear visor
- 1 mm Polycarbonate material
- Compatible with PS58 helmet visor holder
- EN 166

EF45-11176-CLR

Brand: Portwest
Model: PW96

- Face Shield Plus
- Polycarbonate
- Aluminium Materials
- EN 166, ANSI/ISEA Z87

EF40-10161

Brand: JSP
Model: Forceflex 3000

- Clear / Grey Safety Spectacles
- Superior comfort and Full Flexible
- EN 166 and ANSI Z87.1

EF40-10883-CLR

Brand: JSP
Model: Martcare

- Dust and Liquid Google HC lens
- Tough Polycarbonate lens
- Vented Body and PVS frame
- EN 166 1.B.3.4

EF40-10891-RED

Brand: JSP
Model: GW5

- Flip up glass
- Welding Goggles Color RED
- EN 166 1995 EN 169 1992, EN175

EF40-10994

Brand: JSP
Model: Cobra DIN 9-13

- Welding Visor
- Engineering grade nylon 66
- Lightweight integrated hardness and shell
- Low voltage installations CE certified
- EN 397 EN 175 EN 50365

EF40-10995

Brand: JSP
Model: Cobra

- Clear Face shield
- Chinguard for high level of protection
- Conforms to EN standards
- EN 166.1.B.9

EF40-10996

Brand: JSP
Model: Justream A2PSL

- Welding head top
- Auto darkening filter kit
- Rechargeable respair
- No face fit required flexible hose 180 litres of air per minute
- EN 397 EN 166 EN 12941

HP80-10848-BLK

Brand: ESAB
Model: Savage A40

- Professional Automatic Welding Helmet
- 4 arc sensor, higher darkening
- External shade adjustment
- CE EN 379 EN175

EF80-11043

Brand: ESAB
Model: Warrior

- Lightweight Wraparound Spectacles
- Antiscratch hard coated lens
- Soft temples with cord
- Shade 5 UV/IR
- CE ANSI

RESPIRATORY PROTECTION

RP40-10175

Brand: JSP

Model: Force 8

- Thermoplastic rubber half face mask
- 4- point cradle suspension hardness
- Color medium grey/Red No filters

OUR BRANDS

Established in 1964, JSP are leading manufacturers of 'above the neck' Personal Protective Equipment. With UK-based Research and Development, three UK production facilities, and further manufacturing locations across the globe, JSP are committed to improving occupational safety and wellbeing worldwide.

Portwest is a global manufacturer and innovator of workwear, safety wear and PPE. Established in 1904, Portwest today has a global distribution network and customer service staff in over 130 countries. The company is a family-owned business and continues to be managed by the 3rd generation of the Hughes Family and since 2015 the 4th generation of the family have joined the business. Innovative production and design by an in-house team of experts lies at the heart of the Portwest advantage.

Globus Group is the UK's largest PPE manufacturer and a leading European provider of innovative protection technology solutions. With over 25 years' heritage Globus is leading the way in manufacturing resilience and sustainability.

The company is dedicated to developing innovative, high-performing and resilient European-made PPE products for distributors, healthcare providers and clients across global industry. We drive manufacturing innovation and excellence, providing an unrivalled pipeline of NPD safety solutions.

It all started in 1968 with renowned Canadian shoemaker K.P. Yao – whose factories in the Philippines produced shoes for Adidas and Nike. Witnessed to numerous workplaces injuries such as slip and fall incidents, and feet crushing injuries, it dawned upon him the importance of protecting workers on the job. He founded KPR, and for the next 40 years, KPR continues expanding in Asia with the best of Canadian values of Quality, Confidence, and Consistency.

In 1904, Swedish engineer Oscar Kjellberg solved a common problem with a pioneering solution: he produced the world's first welding electrode, a heavily fluxed electrode that substantially improved the quality of weld metal. With his founding of Elektriska Svetsnings-Aktiebolaget (ESAB), Kjellberg spearheaded more than a century of technological innovation.

ESAB reflects both a rich heritage of design leadership and the historic union of several welding industry leaders. In 1989, Alloy Rods Corporation, L-TEC Welding and Cutting Systems, All-State Welding Products, ESAB Automation, and ESAB Welding Products merged to create a powerful welding alliance. Together, our welding and fabrication portfolio has more than 300 years of experience and is a most-trusted brand for personal and industrial customers around the world.

alkhalij enterprises own homegrown OEM brand that uses production facilities from UAE, China, India, and Pakistan to create innovative head-to-toe PPE solutions. Henry Black offers quality hand protection, foot protection, and body protection including Inherent fire-retardant coveralls that are suitable for the marine, aviation, oil & gas (EPC contractors), facilities management, heavy fabrication industries, health care, and food processing industries.

This image shows a single page from a notebook or ledger. At the top center, the word "NOTES" is printed in a bold, dark blue, sans-serif font. Below the title, the page is filled with horizontal ruling lines. There are 20 lines in total, evenly spaced, providing ample space for writing notes. The paper has rounded corners at the bottom, while the top corners are sharp where the header is located.
